WHO WE SERVE

Referral Process

A Clear Path. A Stronger Outcome.

We believe every individual deserves a safe place to land and the support to build a better future. Our referral process is designed to be clear, collaborative, and compassionate—so that together, we can help those who have served move forward with confidence and dignity.

01

Initial Conversation

Learning about the individual or family, their situation, and timing.

We start with a conversation to better understand the individual or family you're referring, including their background, current circumstances, goals, and ideal timing. This helps us build a strong foundation for the right match.

02

Needs Review

Reviewing housing needs, level of support, accessibility considerations, and fit.

We assess the individual's housing needs, level of support required, accessibility considerations, and personal preferences to ensure we fully understand what will support their stability and success.

03

Placement Options

Identifying the most appropriate housing option available.

Our team identifies the most appropriate and available housing option based on their needs, location preferences, and support requirements. We only recommend placements we trust and would want for our own.

04

Move-In Coordination

Coordinating next steps, timing, and communication with the referring partner.

We coordinate the next steps with you, including scheduling, documentation, and move-in timing. We keep you informed every step of the way so you can confidently support the individual or family.

05

Ongoing Communication

Staying responsive and keeping communication open throughout the transition.

Our relationship doesn't end at move-in. We stay in touch, provide updates, and remain available to support both you and the individual or family as they settle in and move forward.

Every referral matters. Every timeline matters.

The sooner we connect, the sooner we can open a door of opportunity. Thank you for trusting us to walk alongside those who served.

Together, we can change a life.
